The Best Bands use the best Percussion

Premier

MUNN & FELTON'S

1935 World's Champions
write:

The Drum is all you "crack" it up to be and all I expected it. There was only one doubt I had and that was it mightn't be loud enough for brass band work, but I can say emphatically that it is quite O.K. in that and all other respects. It is the BEST side drum on earth and I've tried quite a few.

CALLENDERS

The famous Broadcasters
write:

I have had a great experience with drums during my twenty years of drumming and I think the Dominion ACE is really the last word. The tone is wonderful and when playing pp you still have a fine quality of tone—the touch is really first class,

To-days Contest is under the Auspices

—of—

THE LONDON & HOME COUNTIES
AMATEUR BANDS' ASSOCIATION

—who—

Invite Bands in the Counties of London, Middlesex, Surrey, Essex, Sussex, Berkshire, Kent, Hertfordshire, Hampshire, Oxfordshire, Suffolk, Buckinghamshire and Bedfordshire,

to

Become Members of the Association.

The outlay involved is small, (5s. entrance fee and 30s. per year subscription, and the advantages are many), as shown by the fact that the Bands in membership at present number nearly 70.

Contests organised under Association Rules are increasing in number each year, and it is admitted in all parts of the Country that our Contest Rules preclude any possibility of unfair competition.

When contesting under the rules of the Association you KNOW that you will not be called upon to meet Bands "packed" for the occasion. Bands are graded into Divisions for contesting purpose in accordance with their musical ability only, and re-grading takes place annually.

The wide experience of the officials and an Executive elected from the affiliated bands is always at the disposal of the Membership, and the Bands themselves in council decide the policy of the Association.

The Hon. Secretaries will be pleased to furnish full details during the progress of the Contest, or at any time, and enquiries should be addressed as below.
