**'New Standard' CORNET**

"I am so glad I am playing an instrument of your firm's. Believe me, it is a gem of a cornet. I'm only sorry that I did not have one when I first began playing. . . . . I've never played a finer instrument, for it has those essential qualities of perfect tune, and first class valve action. . . . . it is the instrument for the artist."

This is an extract from Ken Smith's letter to us.  
 The original is open for inspection at our Offices.

You can hear the Besson tone as played by Ken Smith on Isis Records.
